

# MacGillicuddy Reeks European Innovation Partnership Project.

## Appendix 1

The list of site codes below correspond to aerial photographs (attached as PDF's). These sites show the land parcels that are confirmed to contain rhododendron, however neighbouring land parcels may also contain some slight levels of rhododendron infestation. These neighbouring land parcels that contains rhododendron must be noted as part this tender. Areas not to be included are farmyards and private residences.

Successful tenders will be given the contact information of the relevant landowners who will be able to assist with boundaries and the identification of areas of their lands that contain rhododendron.

SITE CODE	CROP DESCRIPTION	DIGITISED AREA
21I_E	Permanent Pasture	8.224
21I_F	Permanent Pasture	8.046
21I_G	Permanent Pasture	3.344
21I_N	Permanent Pasture	1.63
21I_O	Permanent Pasture	2.34
21I_P	Permanent Pasture	18.205
21I_T	Permanent Pasture	3.05
22I_A	Permanent Pasture	30.11
22I_C	Permanent Pasture	1.215
22I_D	Permanent Pasture	6.98
22I_E	Permanent Pasture	0.53
22I_G	Permanent Pasture	5.954
23I_A	Permanent Pasture	5.292
24I_B	Permanent Pasture	2.811
24I_C	Permanent Pasture	2.187
24I_F	Permanent Pasture	2.59
25I_C	Low Input Permanent Pasture	0.62
25I_D	Permanent Pasture	2.187
25I_F	Low Input Permanent Pasture	9.778
25I_J	Permanent Pasture	9.129
25I_N	Permanent Pasture	3.83
26I_A	Low Input Permanent Pasture	13.748
27I_B	Low Input Permanent Pasture	1.74
